### Democratic State Campaign Opens.

The Democratic State campaign opened at Somerset Sept. 28. Gov. James B. McCreary presided as chairman. Speeches were made by Ex Gov. J. C. W. Beckham, Democratic nominee for U. S. Senator, long term. He made the Democratic key-note speech. Senator Johnson N. Camden, Democratic nominee for U. S. Senator, short term; Senator Ollie M. James and Judge Rollin Hunt, Democratic nominees for Judge of the Court of Appeals; Hon. Nat B. Sewell, candidate for Congress, were on hand, and the last named will open his campaign. Many of the State officials and prominent Democrats from all over the State will be present. Special railroad rates have been secured. Jos. H. Gibson, chairman of the Democratic Campaign Committee of Pulaski county, has arranged for music and other features that assured a good time to every Democrat who attended.

### Farmer Boys To Represent Kentucky.

Governor McCreary has appointed the following farmer boys, Geo. Bowman, John James and Geo. Pigz, to represent Madison county at the Corn Convention at the Panama-Pacific Exposition, San Francisco, August 5 and 6, 1915, under the auspices of the National Top-Notch Farmers' Club. Robt. Parsons, of Paint Lick, will be one of the delegates to represent Garrard county.

### Protection of Wounds of Animals Against Flies.

When an animal is wounded, it is important to treat the wound in such a way as not to prevent its healing, and yet to prevent the screw worms and the house flies from attacking the open surfaces, laying eggs or carrying infection to the animal.

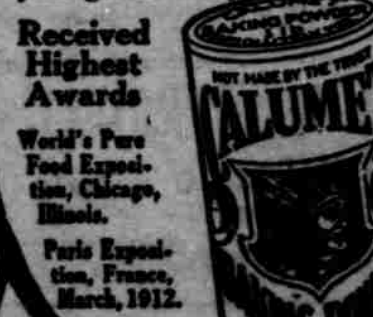

The screw worm, particularly, deposits its eggs in wounds, and there are other flies that may deposit their eggs in this way. The larvae or maggots hatching from these eggs infest the wound and burrow more or less extensively in the surrounding tissues, so that serious damage may result.

## More Economical Both in Use and Cost CALUMET BAKING POWDER

—And it does better work. Simply follow your customary method of preparation—add a little less of Calumet than when using ordinary baking powder. Then watch the result. Light, fluffy, and evenly raised—the baking comes from the oven more tempting, tastier, more wholesome.

Calumet insures the baking of an expert. Ask your grocer today.

You don't want money when you buy cheap or low quality baking powder. Don't be misled by Calumet. It's Calumet in its superior to other milk and soda.

#### Of Empire's End Clew to Kaiser's War Decision.

A very remarkable story in which those of a psychological turn of mind may see a clew to the failure of the German Emperor to use his influence for peace during the diplomatic negotiations in July is told by a correspondent in the London Times.

Under the pseudonym "Vidi" he recalls how in the summer of 1899 he chanced to be sitting with the present German Secretary for Foreign Affairs, Herr von Jagow, then a secretary of the German Embassy in Rome, on the balcony of the embassy, the Palazzo Caffarelli, and in the course of conversation Herr von Jagow expressed the belief that no general European war was likely to occur before the end of 1913.

"He gave as his reason," the writer proceeds "the influence of a prophecy made to the Kaiser's grandfather, Prince William of Prussia, at Mainz in 1849. Prince William of Prussia, who was proclaimed German Emperor at Versailles on January 18, 1871, was in 1849 wandering incognito in the Rhine provinces, attended only by aide de camp. He had become very unpopular by his attitude during the Berlin revolution in March, 1848, and had been obliged to spend some time in England, whence he returned still a semi-fugitive, to the Rhineland.

"At Mainz a gypsy woman offered to tell him his fortune and addressed him as 'Imperial Majesty.' Not a little amused—for at that moment his chance of succeeding even to the throne of Prussia seemed slight—the Prince asked 'Imperial Majesty,' and of what empire, pray? 'Of the German Empire,' was the reply. 'And when is this empire to be formed?' he inquired.

"The woman took a scrap of paper and wrote on it the year 1849. Then she placed the same figures in column beneath

and, adding them together, obtained the total

"And how long am I to rule over this empire?" asked Prince William again. The woman repeated the arithmetical operation, taking the number 1871 and adding the same figures in column

which gave the result

"Astounded by her confidence, the Prince then asked, 'And how long is this fine empire to last?' Then the woman taking the figures 1888 and repeating the same operation

obtained the result

"The story soon spread in Prussian court circles. Prince William became German Emperor in 1871 and died in 1888. The effect of the double fulfillment of the prophecy upon the present German Emperor's mind, was great, and, as my experience shows, it entered into the calculation of Prussian diplomatists as long ago as 1899."
